

“No-go” Zones of the field

“No-go” zones should be implemented for all U/13s and older matches, whether a SWMJCC appointed Umpire is in attendance or not;

If a SWMJCC appointed Umpire is officiating in an age group younger than U/13s, then the “No-go” zone should be implemented;

Both ends are active simultaneously;

Both ends are to be marked with distinctive cones, field markers etc;

The “No-go” zone at each end is 45 Degrees (23 degree’s off each side of the middle stump which is about 30 steps on a 45 m boundary);

No-one associated with the game should set up, stand, film or spectate from within the “no-go” zone;

If the Umpire asks you to move away from the “No-go” zone please respect this request.
